Subject: request

June 7, 2010

To: Mr. Huss and Obion County School Board

SFE is requesting permission to attach a climbing wall in the gym. It is 8 ft.X 20 ft. long, along with safety mats and a locking system for when the "wall" is not in use. We hope this is something that our maintenance staff will be able to attach without assistance.

The wall should be shipped and recieved sometime this summer break.

Thank you for consideration in this matter.
