CERTIFICATION REGARDING "BUY AMERICAN" REQUIREMENTS

Section 104 (d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 requires SFAs to purchase domestically grown and processed foods, to the maximum extent practicable. There is a two-part test to define the country of origin for a manufactured end product: (1) the article must be manufactured in the United States; and (2) the cost of domestic components must exceed 50 percent of the cost of all the components.

We require that suppliers certify the percentage of U.S. content in products supplied to us according to the two-part test above. If you are unable or unwilling to make such certification, we will not purchase from you.

Two situations may warrant a waiver to permit purchases of foreign food products.

- 1) The product is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality.
- 2) Competitive bids reveal the cost of a U.S. product is significantly higher than the foreign product.
