**Subject:** trays

Mr. Huss,

Amy at Ridgemont says they have 310 cafeteria trays that they will not be using any more since we have purchased the new compartmentalized trays. This is the number left after we put some in our kitchen here, and a few in the concession stand. She will also be keeping a few for the cafeteria to use for various things. I don't know how many of these teachers/parents might be interested in buying, but they do have the Ridgemont logo on them.
