Subject: Basketball SSO booster clubs permission request

Mr Huss,

Please find below the list of things our Basketball SSO booster clubs area asking permission from the School Board to proceed with.

- 1 We plan to build a "placard wall" above the doors at the main entrance to the gymnasium from the foyer area. This would hold the names of Gold, Silver, and Bronze sponsors of our programs. Made of wood with flexible name plates that can be inserted or taken out yearly.
- 2 Install permanent monitor in foyer area above main doors entering gym and one between the concession stand doors.
- 3 Install monitor in hospitality room. This exact location is being decided upon. May be in Boys team room or in classroom across hall from gym.
- 4 Install projector in gym on ceiling beam and projection screen on west end wall above the "red roof inn" as we call it. We are considering a 9 X 16 ft screen for advertisements, game highlights and fan cam.
- 5 Permission to run cables and hardware to connect monitors with projector and computer.
- 6 Permission to attach permanent name advertisements to items purchased by a business. (ie...The Williams Sausage 30 second clocks)

If you need any additional information, please feel free to give me a call at 446-4158. You may find information needed in the Promotional brochure I turned in with our SSO request for fund raising.

Will I get information about where I will be on the board meeting or do I just need to be present and will be called upon?

Thanks for your consideration and support.

Tony Jones
