**Subject:** Board Request

Hillcrest Elementary School is submitting a request to the Board to declare surplus basketball uniforms that are no longer of any use to the school due to age. Furthermore, Hillcrest requests permission to sell the uniforms and for the funds to be deposited into the Athletic account to help offset the expenses of effectively running our athletic programs. The value of the uniforms is less than the amount specified in TCA &49-6-2007 (d)(1), which provides, "Surplus personal property in local school systems which has no value or has less than two hundred fifty dollars (\$250), may be disposed of without the necessity of bids as required by this section." Therefore, pending board approval, no bids will be solicited to dispose of this personal property.

Sincerely,

Travis Johnson  
Assistant Principal/Athletic Director- Hillcrest
