# 2013-14 Extended Learning Programs

## Activity Description

<b>Activity Number:</b> 1	<b>Activity Title:</b> Remediation, Intervention, and Tutorial
---------------------------	--

  

<b>Priority Need #</b> 1 and 2 <b>Related Goal:</b> 1,2, and 3
<b>Objective(s):</b> 1,2,3, and 4
<b>Target Population:</b> Efforts for this activity will concentrate on (but not be limited to) 3rd - 12th grade students who are falling behind academically and who need remediation, tutorial, and intervention assistance based on previous TCAP scores, reports cards, previous test performance (including end-of-course and ACT for grades 9-12 and TCAP scores for grades 3-8). Efforts will also be made in this activity to fulfill academic needs of students not being met during the regular school day via Credit Recovery programs for core courses. Activities will be directed toward improving student skills in study habits, reading, math, science, and social studies. An effort will be made to incorporate the use of technology and music into the remediation, intervention, and tutorial activities. Students in grades 6-12 who are at risk of failing will be remediated during the summer in the areas of math, English, science, and social studies.
<b>Activity Description:</b> Activities will be designed to provide instruction for 3-12 students in the following categories: study habits, low performing academic areas (specifically including 3rd grade reading and math and 7th grade E/LA and math), and homework activities. Students qualify for remediation, intervention, Credit Recovery, and tutorial services by being behind academically and by being recommended by their classroom teacher, guidance counselor, title teacher, special education teacher, Reading Recovery teacher, graduation coach, or school principal. These students will be tutored on a scheduled basis and their progress will be reported to the person(s) who recommended them to the program. Technology, including Accelerated Math® and Think Link are an integral part of this activity. The majority of this program will be operated during the school year. Full contracts (per teacher extended contract) will be reserved to provide remediation activities during the summer in the areas of math, English, science, and social studies for students in grades 6-8, and Credit Recovery for students in grades 9-12 who are at risk of failing core subjects.
<b>Resources Needed (must match spending plan and ARRA requirements for calculating jobs retained):</b> 2, 9-12 English teachers at 8 weeks 2, 9-12 math teachers at 8 weeks 2, 9-12 science teachers at 8 weeks 2, 9-12 social studies teachers at 8 weeks 12, 6-8 English teachers at 8 weeks 12, 6-8 math teachers at 8 weeks 12, 6-8 science teachers at 8 weeks 12, 6-8 social studies teachers at 8 weeks 20, K-5 teachers at 8 weeks 1, Pre-K teacher 4, Central Office Supervisors of Instruction at 8 weeks
<b>Performance Measure(s):</b> This activity will be measured through increased success rate by students as determined through documentation of entrance level scores versus exit level scores, and also by a resulting increase in the system promotion rate, graduation rate, the system's TCAP Scores (reading, math, social studies, and science), end-of-course test scores, and ACT scores.
<b>Evaluation Results from Previous Year (if applicable):</b> SEE ATTACHMENTS

**Evaluation Results from Previous Year (if applicable):**

Tutoring activities for the 2012-2013 school year involved students at all grade levels and had good participation levels. Results of tutoring activities are listed below:

**System After-School Tutoring 1-8**

Average Number of Students Per Day = 13

Language	69	81	12 GPA Points
Math	69	82	13 GPA Points
Reading	74	85	11 GPA Points
Science	79	89	10 GPA Points
Social Studies	72	85	13 GPA Points

Science	73	82	9 GPA Points
Social Studies	72	78	6 GPA Points
Math	75	85	10 GPA Points
English	71	80	9 GPA Points

**System Summer Remediation 6-12**

There were 41 students enrolled in the summer remediation program. 41 of the students completed the program. All of the 41 students who attended received credits in courses they were failing prior to the program. 19 students completed summer coursework via credit recovery. Retention rates were decreased system-wide as a result of the Summer Remediation Program and Credit Recovery.

## Directions for Completing the Extended Contract Expenditure Analysis Funding Request Form

- **Program Priority** -- This represents the order of importance, as determined by the system, of the extended contract programs that are to be offered.
- **Activity Number** -- List the activity by number from your plan. You may cluster activities that address a similar need.
- **Activity Description** -- Describe the activity briefly. Example: Enrichment for Gifted and Talented; Remediation-Summer School; Parent Involvement; etc.
- **Optimum Cost** -- Enter the optimum amount of funding that would be needed to employ personnel to fully meet the program needs for 2013-14. This should reflect the cost of positions identified in the "Resources Needed" section of the activity description in your proposed plan. See page 7 of the Extended Contract Guidelines.
- **Base Allocation** -- Enter the estimated amount from your base allocation that will be directed to meeting the goals and objectives of this particular program or activity. Separate the amount directed into summer and school years.
- **Base Allocation Sub-total** -- Base Allocation Summer and Base Allocation School Year Combined - Enter the combined amounts in the sub-total column.
- **Administrator Extended Contracts** -- Enter the amount from the base allocation designated for administrator 11th and/or 12th month. *Enter all administrators here. This will be audited.*
- **Extended Contract Salary Funds Recovered by LEA** -- If the LEA exercises its options under *T.C.A. 49-5-5002* to recover extended contract funds when Career Level II/III educators are already under local contract for the 11th and/or 12th month, enter that amount here. *This will be audited.*
- **Grand Total = Base Allocation** -- This entry is the sum of Base Allocation Sub-total plus Administrator Extended Contracts (includes Flow-Thru) plus Extended Contract Salary Funds Recovered.
