Organizations in bold have submitted the required reports; however, the reports contain discrepancies in the financial data that we are working on getting corrected.

\* A group of parents is requesting the OCCHS Quarterback Club allow them to form the Jr. Quarterback Club under the umbrella of the OCCHS Quarterback Club. Such a request, if approved by the OCCHS Quarterback Club, is an acceptable way to form a school support organization. The Jr. Quarterback Club will have its own officers, but financial data will be combined with the OCCHS Quarterback Club for reporting purposes. If the Jr. Quarterback Club gets approval or forms in another manner, I will inform the Board.
