

**OBION COUNTY BOARD OF EDUCATION
SCHOOL NUTRITION PROGRAM
1700 N. FIFTH STREET
UNION CITY, TN 38261
BREAD AND GRAIN BID**

GENERAL

Attached are instructions and conditions for submitting a Bread and Grain Bid for the School Nutrition Program of the Obion County Board of Education

The objectives of this bid is to select suppliers in such a manner as to provide for open and free competition and comparability.

All food must be processed and packaged in accordance with local, State of Tennessee, and FDA regulations contained in the Sanitary Food Transportation Act of 1990.

All food products offered on this bid must be documented with a Nutrition Facts Label, an ingredient statement and/or Product Formulation Statement on manufacturer's letterhead. These documents MUST demonstrate how the product contributes to the meal pattern requirements and provide calories, saturated fat, trans fat, and sodium contribution per serving.

IF a BIDDER fails to provide required information with the bid submission or the information is inadequate or inaccurate then the bid will be deemed non-responsive and will not be evaluated for award.

Food products and ingredients used to prepare school meals must contain zero grams of trans fat (less than 0.5 grams) per serving. Documentation for food products and food ingredients must indicate zero grams of trans fat per serving. The Nutrition Facts Panel must indicate zero trans fat.

NOTE: A COPY OF "EXHIBIT A: SCHOOL LUNCH AND BREAKFAST WHOLE GRAIN-RICH OUNCE EQUIVALENCY (OZ EQ) REQUIREMENTS FOR SCHOOL MEAL PROGRAMS" is found with the attached bid conditions. Obion County Schools has received a waiver enabling us to purchase certain enriched (white) bread products for the 2015-16 school year. **All items requested are enriched (white), NOT whole grain or whole grain white products.** We are still required to abide by the OUNCE EQUIVALENCY REQUIREMENTS on EXHIBIT A even though we do not have to serve all Whole Grain-Rich items.

Schools are required to meet new low sodium limits. The first target was in the 2014-15 school year, with additional targets in the future, for both breakfast and lunch. We are asking you as a vendor to continue to urge manufacturers to develop lower sodium products which will help us reach future targets.

Current/applicable regulations for grains used in the School Breakfast Program (SBP) and National School Lunch Program (NSLP) can be found at <http://www.fns.usda.gov/cnd/Governance/Policy-Memos/2012/SP30-2012os.pdf>. As regulations change, additional information is available at www.fns.usda.gov/cnd. All SNP operators are required to follow regulations in place at time of purchase. As those regulations change, there may be a need to revise product requirements. The Obion County Board of Education reserves the right to delete or add products to comply with meal pattern regulations. Any items added must have price comparison documentation as stipulated in "Adding Additional" Items on page 4.

The bid period begins July 1, 2015 and ends June 30, 2016. Sealed written bids will be received at the time and place specified on the Invitation to Bid. BID AWARD

Bids are to be opened on Tuesday, June 16, 2015 at 9:00 AM at the Obion County Board of Education, 1700 N. Fifth Street, Union City, TN 38261. Only the bottom line total figure will be read at the bid opening. Bids will also be examined for compliance with specification and conditions outlined in the bid document.

Consideration will be given to all bids properly submitted. Bids will receive appropriate confidentiality before awarding. Upon award, bid documents and tabulations will be available for review. Errors discovered after public opening cannot be corrected, and the bidder will be bound to honor bid as submitted.

This contract will be awarded in writing to the responsive and responsible bidder whose bid is the lowest cost for the School System. It is the intent of Board of Education to involve and utilize the best product/services at the best prices and provide small and minority firms, women's business enterprises and labor surplus area firms with increased opportunity to do business with the School Nutrition Program. Regardless of the procurement method used, price is the final determining factor for awarding the contract. In the event that there are one or more bids with exactly the same price, ties will be decided by one or more of the following: quality of products, prior experience with products, record of vendor's past performance, vendor integrity, best delivery or coin toss. The judgment of Board of Education on such matters will be final.

The Board of Education reserves the right to accept or reject any or all bids. The Local Education Agency will be responsible for all contracts awarded. The bid will be awarded after approval by the School Nutrition Supervisor, and the Board of Education. All bidders will be notified in writing of the bid award within ten days of bid opening or the day following approval by the School Board at their next scheduled meeting after bid opening.

If a prospective vendor does not agree with the bid award, they have the right to protest. Disputes arising from the award of this bid must be submitted in writing to Russ Davis, Obion County Schools' Director of Schools, no

later than ten days after the published award. The hearing official will disclose the dispute to the Tennessee State Department of Education, School Nutrition office. The steps for dispute resolution are as follows:

1. A meeting with the School Nutrition Director participating in the bid, the hearing official and representatives from the disputing party to discuss and resolve the complaint will be scheduled within 15 days of the protest.
2. All employees will be notified that they cannot purchase under this procurement until a final decision is rendered. In the event that purchases must be made for school meals before a final decision is rendered, the emergency purchase procedures established by the school system will be used.
3. A written decision letter stating the reasons for the decision will be prepared by the hearing official and submitted in writing and delivered to the protestor and all parties involved. This decision letter will be mailed to the protestor with proof of delivery required. The letter will advise the protestor that he has a right to an additional review. An additional request must be written and addressed to the hearing official no later than 10 days from proof of delivery.

BID RENEWAL

The Obion County Board of Education reserves the right to renew all aspects of the bid one year at a time for an additional four (4) years based on a firm fixed price. The Board of Education intends to enter into a contract with an effective period of July 1, 2015 to June 30, 2016. This contract period may be renewed at 1 year intervals for up to four additional years. The Obion County Board of Education will notify the contractor of the intention to renew this contract no later than April 1, 2016. A written response will be due from the contractor no later than April 25, 2016. At the end of each bid period, the prices for individual items on the bid the previous contract period may be adjusted upward or downward. Petitions for price increases/decreases may be requested by the school district or the distributor. If the vendor desires to renew the contract AND wishes to re-determine bid prices, they must notify the Obion County Board of Education in writing by April 25, 2016. The vendor should return the signed request for renewal accompanied by a petition for price increases and/or decreases. The total projected cost of price increases and decreases multiplied by the projected usage for each item cannot exceed the percent change in the CPI for the following index: All Urban Consumers, South-Size Class D, Food away from home, from March 2015 to March 2016. The bottom line total pricing will be used for determination of the price redetermination allowance.

BID PREPARATION

Bidders should submit one price for each item on the bid. NOTE: Non-domestic product pricing will require two price submissions: One for the American product pricing and one for the non-American pricing. This information will be placed on the enclosed Buy American Form. The School Nutrition Program Supervisor will determine which product to buy (domestic or non-domestic) and will include the appropriate pricing in the bid tabulation. Each bidder should bid on all items listed (items B1-B4). The total bottom line cost will be determined by multiplying each item bid price times the estimated usage figure and adding the extended dollar figures. In the event a vendor fails to quote a price on an item, the highest price for that item from all bids received will be inserted to calculate the bottom line price. The School Nutrition Program Supervisor will recalculate usage and line extensions to make necessary conversions for differences in pack size. The bottom line total will be adjusted if mathematical conversions and extensions indicate the need for correction. Mathematical calculations involving decimals must be carried to two (2) places.

Items B5-B7 are optional items, and will not be considered when awarding the bid. We may or may not order these items. If there are other items you feel we may be interested in, please add these optional items under item B7.

All bids shall be in accordance with the instructions to bidders and specifications as attached. Specifications are intended to be open and non-restrictive.

Estimated usages are given for each item. The estimated usages do not indicate the actual quantity which will be ordered, since such volume will depend upon requirements which develop during the contract period. Estimated usages are based on previous years' purchases and next year's menus and are estimated for the bid period. For new/never used item's estimated usage, the amount is a projected amount based on anticipated acceptance by students. Inclusion of items on bid does not guarantee purchase.

All columns of the bid document must be completed in ink or typewritten. Manufacturer's item numbers must be included on the bid form. The bottom line total (sum of extended prices) must also be printed in ink or typewritten on the proposal form. No erasures shall be permitted. Errors may be crossed out and corrections printed in ink or typewritten and must be initialed in ink by the person signing the bid.

Should a bidder find discrepancies or omissions from the bidding document or be in doubt as to their meaning, he/she shall at once request clarification from any Judy Denman, Foodservice Supervisor, at 731-885-9743, ext. 2026, 1700 N. Fifth St., Union City, TN 38261.

It shall be the sole responsibility of the bidder to make certain that all bids in proper form are submitted to Obion Board of Education, 1700 N. Fifth Street, Union City, TN 38261 by 9:00 AM, June 16, 2015. Item cost must include delivery to schools.

The bid document, contract agreement, debarment/suspension certification statement, Certificate of Independent Price Determination, and Buy American waiver form must be filled out and signed. A certificate of insurance must also be provided. **A copy of the Nutrition Facts label and ingredient statement for each item must be included with the bid. Documentation, from the manufacturer, to support the meal component contribution must be submitted with the bid** and additional documentation may be requested prior to the bid award. All originals must be signed in ink by a person with authority to bind the bid. The Bid must be sealed in an envelope that is clearly marked "**Food Service Bid—Bread**".

Attn: Judy Denman
1700 N. Fifth St.
Union City, TN 38261

BUY AMERICAN REQUIREMENT

The "Buy American Requirement" requires that schools and institutions participating in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) in the contiguous United States purchase, to the maximum extent practicable, domestically grown and processed foods. Please note this rule applies to "Private Labels" as well as other labels. The legislation defines "domestic commodity or product" as one that is produced and processed in the United States substantially using agricultural commodities that are produced in the United States. The report accompanying the legislation stipulated that "substantially" means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically. Reelfoot Area Consortium requests that vendors complete the attached Buy American Form. **If the supplier offers a Non-American product due to the fact that he/she feels the cost of the American product is significantly higher, then the supplier must list the price for the domestic product as well as the price for the Non-American product on the Certification Regarding "Buy American" Requirement. It will be up the School Nutrition Program Supervisor to decide to purchase the American or Non-American product.**
