Re: Tenure Recommendation Letter

To: Russ Davis and the Obion County Board of Education,

As the principal of Lake Road Elementary School, I would like to recommend Maddie Brown for tenure. Maddie's teaching prowess, contribution to student success, research based teaching strategies, and overall citizenship have been great assets to our school over the last several years, and her dedication deserves full recognition.

Maddie has taught Reading Recovery, 3rd grade and 2nd grade. In that time, Maddie's evaluation scores have always been above average. She continues to develop her teaching strategies, and self-evaluate to make sure she is doing everything she can to improve her craft

Please consider tenure for Maddie Carrington-Brown as she is a valuable asset to our school and system.

Sincerely,

A handwritten signature in cursive script that reads "Sheila Stone".

Sheila Stone
