**Subject:** Car for Transporting to West Tennessee School for the Deaf

Russ,

In view of the fact that we are only transporting one student to the school in Jackson, and contracting to transport one student from Humbolt City Schools, we have assigned a car instead of a school bus to perform this task. This will greatly reduce cost for our transportation department. Before this decision was made, the proper research was done and permission was obtained from your office and the State Board of Education. Mrs. Peggy Hardy will be assigned Car#0341 to run this route daily.

Car #0341 ----- Assigned to Mrs. Peggy Hardy

Tim
