MICKEY PRECIADO

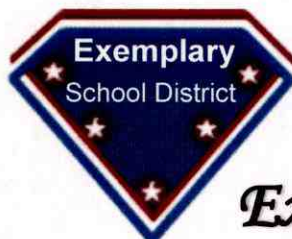

November 29, 2017

The Maintenance and Light Repair (Automotive Technology) program at OCCHS requests the Board to declare surplus a *Grabber Winner*® vehicle frame bending machine. This equipment no longer aligns with the MLR academic standards, and is of no use to the system. Its value is, however, in excess of the value specified in TCA 49-6-2007(d)(1) which states that "Surplus personal property in the school system which has no value or has a value less than two hundred fifty dollars (\$250), may be disposed of without the necessity of bids as required by this section." Upon Board approval, we will seek sealed bids for the equipment in an effort to return the most monetary value back to the system. The funds received will be used to purchase new equipment for the MLR Program that aligns to academic standards.

Thank you,

George Leake
Director of CTE
